7th Grade Human Sexuality and Abstinence Education

Dear Parent/Guardian:

We are excited to inform you about our human sexuality and abstinence education program. The new program was adopted in May of 2016 and will be implemented in the 2016-2017 school year. ***Draw the Line, Respect the Line™*** is a seven-lesson curriculum that your child has the opportunity to participate in during their 7th grade Physical Education or Athletic class. The lessons cover short-term consequences of unplanned sex, STD information, and applying refusal skills in a party situation. Abstinence is reinforced as the healthiest and safest choice for young people and setting limits and refusal skills against peer pressure are a major focus. At the end of select lessons, a parent interview activity will be sent home with the student to encourage parent-student discussion about the material being presented in class. Our belief is that this is an invaluable educational process best shared by the home and school. We hope that you will take advantage of the opportunity to review this important material at the parent information session held on your campus (information located below) to better prepare yourself for the parent interview activities and to help reinforce material taught in the classroom at home.

Please complete the permission slip below, detach it, and send the form back to your student's 7th grade Physical Education teacher or Athletic coach. **A student will not be able to participate in this valuable program without your written permission slip.** If your student does not have written permission to participate in the program, alternate educational activities will be planned for the student. If you have any questions or concerns, please do not hesitate to contact your child's teacher. Their contact information is below.

Sincerely,

Rachel Naylor
Director for Physical Education, Health & Athletics

For your convenience, if you are unable to attend one of the parent sessions offered, you can access an online version through Parent Portal.
